**What You've Been Saying About Mollydooker
February 2009**

"I wanted to tell you how much your project with the children from Cambodia touched our hearts! Your generosity with this project is sincerely a tribute to your character. Meeting you during your visit to the states last summer gave us a renewed appreciation for your incredible wines... not that we needed one, as we love Mollydooker wines!" – *David Bachkosky, Delaware*

"We had a blast last year when [Mollydooker] came to Southern CA for the Halloween Masquerade Ball and we can't wait to do another event if you are coming to our area, especially a blending seminar." – *Mark Knapton, California.*

"Dear Janet, we had such an amazing time at your house and on the tour. Thank you so much (and to Leigh, Sparky and Sarah too)!!! If you get over to the US please be sure to let us know. We've got a bottle of Blue Eyed Boy for dinner tonight and will drink a toast to our Mollydooker friends!" – *Cheryl & Stuart Rogers, Florida*

"I so respect your willingness to give back. Our company too believes this is important as we endeavor to help the youth in Uganda. On a separate note, your wines are superb. Rarely can I enjoy an everyday wine at the quality and price point of the Boxer. I so look forward to test driving the case of the 2005 Carnival of Love that I am cellaring and expect to try later this year." – *Rich Silveira, Florida*

"Your work is inspiring and a model for all in your industry. I think your annual vintage should be sold as a collector series for Humanity..... I would hope and what you suggest will make this a widespread following and a coveted wine in the traditional Mollydooker way. PS. Had 2007 Two Left Feet, an excellent wine. Can't get your wines in Canada but every time we're in the states, pick some up or drink within reason." - *Amal & Jameel Sethi, Canada*

"I do want to congratulate you on what you and your husband are doing. It takes a special type of person with the courage, integrity, and sacrifice to do what you are doing. I had the pleasure of meeting Sparky in Charlotte N.C. last year and I hope to meet you one day as well. Your wines are terrific and to honor this occasion I will be opening a bottle of Carnival of Love this evening and make a toast to you and Sparky, to honor your kids in Cambodia." – *Randy Murray, North Carolina*

“Sarah....Hope all is well in Australia these days!....Becky and I adopted a new puppy about two months ago (she was a rescue); a Black Lab and Bloodhound mix. In honor of Becky being left-handed and The Boxer being our FAVORITE wine; she is aptly named “Ms. Molly-Dooker Elliott”.... I hope all is well down-under. Here’s to a great 2009!” – *Michael Elliott, North Carolina*
